Moderator: Sue Sherman, MH	A, CEO, The LAM Foundation
Speakers:	

- Mary Beth Brown, PT, PhD, Associate Professor, Department of Rehabilitation Medicine, University of Washington
- Claire Child, DPT, MPH, Physical Therapist & Teaching Associate, Department of Rehabilitation Medicine, University of Washington

2 – 2:15 p.m. BREAK

2:15 – 3:15 p.m. Session 2: LAM Patient Research Priorities Focus Group

The LAM Foundation seeks to better understand LAM patients' health needs and research priorities. The LAM Patient Needs Assessment, and Research Priorities Survey (LAM-PREP) will allow The LAM Foundation (TLF) to support scientific projects that can maximally benefit LAM patients and compare them to the scientific and research priorities of LAM professionals. Join this focus group and contribute YOUR VOICE to LAM research priorities. All participants will be required to sign a consent form and all answers will be confidential.

Moderator: Marina Holz, PhD, Scientific Advisory Board, The LAM Foundation, Dean, Graduate School of Biomedical Sciences, New York Medical College.

3:15 – 3:30 p.m. BREAK

3:30 – 4:30 p.m.	General Session: Understanding the Genetics of TSC and LAM and Potential for Gene		
	Therapy		
	Moderator: Shelly Meitzler, Director, Outreach and Support, TSC Alliance		

Speaker: Kiana Siefkas, MS, CGC, Genetic Counselor, Seattle Children's Hospital

Commented [AW5]: Please confirm if this should be Sue
